## Final Project Strategy Paper

### Strategy:

My project will be building online portfolio. In my information hierarchy, first it would be about my company (Y Design Studio) where I will be sharing my company information (when it was established, what kind of services do Y Design Studio provide) and the work which Y Design Studio did past.

### Scope:

My content will include

- Home page with mission statement/design, links to photography, animation video, design, my experience and skill set.
- My portfolio will include design work and artwork.
- How to contact me
